

Eco Action Plan

All the classes took part in an environmental review. This is where we decided what eco actions we were already doing well and what actions we could do in the future. This helped us to create our action plan!

Things we are doing well

Biodiversity - we have natural space, we grow plants

Water - we water saving taps, we learn how to save water

Energy - reducing use by turning lights and monitors off

Litter - we know where bins are, we know how it effects the environment and animals

Recycle - recycle paper for the printers, we recycle using bins in each class, we use reusable water bottles

Healthy living - we know lots about how to live healthily

Eco Action Plan 2021 - 2022

Topic	Target	Who	When
Waste	1. We want teachers to use less printed sheets in lessons.	Eco Committee members will ask their teachers	By the end of Autumn term 2021 (next school year)
	2. We want to learn more about refusing/reducing/reusing/	Eco committee will make videos and an activity to do	Record videos by the end of current year (Summer 2021). By the end of the next school year (2021/2022)
	3. We want to have energy efficient hand driers to save paper towels being used.	Eco warriors will write a letter to Mrs Christopher to ask if we can fundraise for this	By the end of the next school year (2021/2022)
Marine	1. We want to take part in a local beach clean.	We want to involve as many children as possible to work with the Dorset Wildlife Trust.	By the end of the next school year (2021/2022)
	2. We want access to the water meter readings so we can notice how much water we are using.	Mrs Christopher will provide these. Eco Warriors will make and maintain a chart for the school to see.	By the end of Autumn term 2021 (next school year)
	3. We want to ban single use plastics.	Eco Warriors to do a walk around the school grounds and the Eco Committee will check their classrooms to see what plastics are being used. They will come up with ideas to replace single use plastics.	By the end of the next school year (2021/2022)
Energy	1. We want to have working solar panels as a source of renewable energy.	Mrs Christopher is looking into how we can achieve this.	By the end of Spring term 2022 (next school year)
	2. We want to have access to the electricity meter readings so we can see how much energy we are using.	Mrs Christopher will provide these. Eco Warriors will make and maintain a chart for the school to see.	By the end of Autumn term 2021 (next school year)
